

# Stay Connected *with* myCoreSourceWire

*An easy way for your members to take charge of their plan*

When your members fully use their health benefits, it can save you money. Making sure members are informed and confident about their plans can help avoid costly gaps in care and make them more likely to shop around for cost-effective providers and facilities. CoreSource has an easy way to help them understand their plan.

**myCoreSourceWire** is a digital communication tool that connects with your members via mobile messaging to help them get the most out of their benefits.

## Through myCoreSourceWire we can send helpful messages about:

Preventive screening reminders

Seasonal healthcare tips

Creating more confident healthcare customers

Plan benefits and networks

Helping members understand health spending accounts

Using benefits wisely for better health and savings

## Answers to Common Questions

### How do I join myCoreSourceWire?

1. Call **844.274.5819** from your mobile phone and follow the prompts to opt in.
2. Make sure you have your ID card handy when you call.
3. For privacy purposes, each family member over 18 on your plan must call and join separately.

### Whom do I call with questions?

Call the number located at the top of your ID card.

For more information, please contact your sales executive or client manager.
